

Education Foundation

December 15, 2020

Mr. Kelly Butler Director of Finance Alabama Department of Finance Alabama State Capitol 600 Dexter Avenue, Suite N-200 Montgomery, AL 36130

Re: That Certain Second Memorandum of Understanding ("Second MOU") by and between the Department of Finance and the Alabama Nursing Home Association Education Foundation related to COVID-19 Costs and Insufficient Revenues

Dear Mr. Butler:

According to the reporting responsibilities outlined in the Second MOU between the State of Alabama Department of Finance ("DOF") and the Alabama Nursing Home Association Education Foundation (the "Foundation"), the Foundation submits this report outlining (i) the status of the use of the CARES Act/Coronavirus Relief Funds allocated under the Second MOU ("Phase 2 Funds") to help nursing homes respond to or mitigate the COVID-19 public health emergency, and (ii) the procedures adopted by the Foundation.

A. Claims Report:

1. Through December 14, 2020, there are paid and pending claims filed by 103¹ Nursing

Facilit	cies Totaling	\$43,925,967 ²	
2.	Total Hold-Backs related to paid and pending claims	<u>\$15,028,405</u>	
3. 4. 5.	Total Paid and Pending Claims and Holdbacks Total Third-Party Accounting fees Total expended, pending, and hold-backs	\$58,954,372 \$ 240,000 \$59,194,372	
6.	Amount Initially Granted	\$50,000,000	

¹ These include all claims filed to date. December 10, 2020, was the final deadline for filing claims under both MOUs.

² After applying the 25% holdback, this includes claims have been paid and those that are in process.

- 7. Allocation from Additional DOF Funds³
- 8. Deficit

\$ 6,260,713 (\$2,933,659)⁴

For your convenience we are attaching a spreadsheet showing the listing of nursing facilities that have been paid to date under Phase 2 in November, but does not include the Phase 2 pending claims under review. While the cut-off for the final filing was December 10, 2020, it is possible that once all claims are processed there will be some adjustments. Any adjustments will be charged or credited to the holdback account. We expect to complete our process and pay the remaining claims, and as much as possible of the holdback in the next 7-days.

- B. Claims Filing Procedures: Facilities file claims using a worksheet showing (i) a summary of the specific items for which reimbursement is requested (with supporting documentation such as receipts, purchase orders, payroll summaries, etc.) and (ii) insufficient revenue, related to the decline in census due to COVID-19, and which insufficient revenues are determined based following a prescribed formula. The worksheet requires the facility to deduct from amounts claimed any applicable mitigating COVID-19 funding received from other sources such as the Medicaid COVID add-on of \$20 per day per Medicaid patient day; DHHS Provider Relief Funds; and SBA Payroll Protection Payment loans attributable to payroll, if any. The worksheet is divided into months beginning April 2020, and if the mitigates exceed a facility's claims in any month, no claims are paid and the unused portion of the mitigates are carried-forward and added to any mitigates received in the ensuing months. Therefore, due to the application of these mitigates, many facilities are just now becoming eligible to apply for and receive funds.
- C. **Administrative Procedure:** To ensure balance in claim filing and administration, the Foundation adopted two procedural concepts:
- 1. Monthly deadlines for filing claims were established as September 30, October 20, November 20 and December 10. Claims received on or prior to the deadline date for that month would be processed and paid in a single payment cycle.
- 2. To guard against funds not being available in the event of a second or later COVID-19 wave, the Foundation is holding back 25% of approved claims. To the extent funds remain available, the hold-back will be restored in late November or early December on a pro-rated basis. The restoration ratio for each facility would be (i) the amount of that facility's aggregate hold-backs (ii) divided by all hold-backs and (iii) multiplied by the aggregate amount the Foundation (in consultation with its third-party accountants) has determined is available to restore hold backs.

³ Of the \$12,465,117 in additional funds granted under the First Amendment to the Second MOU, \$5,954,464 were allocated to Lab Testing and Related Accounting fees and another \$250,000 was used for the "promote the vaccine" ad campaign. The remainder of the additional funds of \$6,260713 are applied towards the Second MOU Phase 2 expenditures.

⁴ Deficit will be charged against the holdback and the remaining holdback will be pro-rated to facilities on a ratio and proportion basis.

The Foundation will next report its activity no later than December 28, 2020.
Please contact me if you have questions. We appreciate the opportunity to work together on this very important project.
Sincerely,
Brandon Farmer On Behalf of the: Alabama Nursing Home Association Education Foundation
